"America's Warrior Partnership has proved to be a time machine of sorts for Veterans One-stop Center of Western New York. The program and organizational boost not only increased the number of veterans we can serve, but propelled us almost 3 years ahead of our goals. A big factor is the new ability to capture specific metrics about the veterans we are serving along with their needs. We are able to work smarter with a bigger impact."

EMPOWERING COMMUNITIES TO EMPOWER VETERANS

Built to streamline the collection and analysis of critical Warrior information; WarriorServe™ allows communities to focus on providing a holistic solution for Warrior's needs.

WarriorServe™ is a reliable, cost effective and secure application built on a Salesforce® platform. WarriorServe™ allows for communities to develop and maintain relationships with the veterans and family members in their community by ensuring consistent information is obtained and relevant services are provided. Warriorservice™ acts as the connector to ensure effective communication across service providers and tailored to the veteran and their family.

WarriorServe™ ensures that a solution focused model is utilized to coordinate an effective assessment and plan. America's Warrior Partnership has opened up a whole new set of possibilities for Warrior Community Integration.
