Senior Software Engineer at Bloomberg LP
Topic: Spark: Tips & Tricks

16:15 to 16:45
Speaker: **Kenan Li**
Data Scientist at Data Application Lab
Topic: GIS application with data science

17:00 to 17:30
Speaker: **Peyman Mohajerian**
Solution Architect at Databricks
Topic: Applying Apache Spark to Data Science Challenges in Media & Entertainment Industry

Keynotes Session

09:30 - 09:45
Jason Geng
Founder & CEO of Data Application Lab
Conference Organizer
Introduction

09:50 - 10:20
Haoyuan Li
CEO at Alluxio

Topic : Alluxio (formerly Tachyon):
An Open Source Memory Speed
Virtual Distributed Storage

10:25 - 10:55
Derek Wang
Founder and CEO at Stratifyd Inc.

Topic: In Pursuit of Augmented
Intelligence

11:00 - 11:30
Tamara Dull
Director of Emerging
Technologies at SAS

Topic: Privacy vs. Security in a
Big Data World

11:35 - 12:05
Raymond Fu
Practice Architect

Topic: Building Enterprise
Advanced Analytics Platform
