## YOU'LL NEVER POOP THE SAME AGAIN Doo Drops, Inc Announces the Launch of a New Product

**Titusville, Florida, June 22, 2017**– Have you been to a friend's house and had to go #2? Most people including you would not want anyone to know you were in the bathroom. So, you use traditional bathroom sprays and candles to try and eliminate odors but they only mask them. What if there was a way to trap odors in the toilet?

Finally, there is a way to trap those foul odors in the commode. Doo Drops, Inc has created a safe, all-natural, septic friendly, non-toxic, odor eliminating toilet tablet. This amazing toilet tablet is called Doo Drops. These tablets are environmentally friendly and easy to use and carry, giving every bathroom in the world a chance to be stink free. Simply drop one into the toilet before you do your business. The tablet starts to fizz like an Alka-Seltzer, thus releasing refreshing essential oils to the surface of the water, creating a barrier that traps nasty odors beneath the layer formed. Once you are done, flush it away.

Used for home, office, and travel so you can be discreet no matter where you are, confidently leaving knowing the bathroom is smelling fresh. Doo Drops are easy to transport from place to place with no mess in any type of bag, unlike toilet sprays that leak and are hard to use.

Doo Drops traps the smell so no one can tell. Just Drop, Go, and Flush, it's that easy.

"The idea of Doo Drops happened in 2016 when the sister of Michael Brunett, the owner of Doo Drops Inc., religiously carried a toilet spray with her in her purse for fear of smelling up the bathroom in public with nothing to conceal it. While she was at the Dentist office, duty called and she went to the bathroom, realizing that the bottle leaked out all over her purse and ruined it, along with everything inside! When she came out, a dental assistant was waiting, unfortunately going into a fog of odor. Later that day she explained to Michael this experience and was off to buy another purse. After talking this over to a coworker, they decided a tablet was necessary and so went to work on it, thus creating... The Doo Drop!"

About Doo Drops, Inc: Doo Drops, Inc is based in Titusville, Florida. Founded April 1, 2017, It is a Marine Corps Veteran Owned company that has developed four fresh Doo Drop scents. Currently Doo Drops is sold throughout the United States.
