2016 Inpatient EHR Replacement Considerations and Current Selection

640 IT managers, CIOs and leaders in hospitals currently considering EHR replacements or under way in a replacement vendor selection rank their experience in evaluating the evolution of inpatient EHRs and the enhancements that make those vendors more competitive in the 2016 marketplace.

As the replacement market frenzy continues to calm through 2016, those hospitals still evaluating next generation EHR vendors seek to meet their stakeholder needs. The scores of those hospitals considering and evaluating their next EHR are as follows, as completed in Q1 2016.

| Inpatient EHR Vendor | Interoperability Integrations & Connectivity | Cloud Innovations | Patient Access, Portals & Engagement | Mobile Optimization | Security & Privacy Enhancements | Big Data & Population Health Support | Revenue Cycle Management Support | Tech & IT Assistance Support | OVERALL |
