AUTHENTICITY STATEMENT

We, the Executives of Bona Fide Masks Corp., hereby pledge and say that:

As Guangzhou Powecom Labor Insurance Supplies Co., LTD's (Powecom) Premier Authorized Distributor in the U.S. and Canada since June 1, 2020, we are proud to state that all purchases of FDA Authorized Powecom KN95 respirator masks have been direct with Powecom following that designation.

Similarly, we only purchase NIOSH Approved Guangzhou Harley Commodity Co. Ltd. (Harley) N95 respirator masks directly from the manufacturer.

We will not purchase any Powecom or Harley masks from agents, middlemen, brokers, resellers, dealers, closeout companies, intermediaries, 3rd parties or the like, in order to maintain supply chain integrity.

Additionally, to strengthen supply chain security and promote the highest levels of transparency, our company handles all warehousing and distribution for the Powecom and Harley masks at our New York facility. We have dedicated our experienced logistics professionals to this effort so that you can purchase Powecom and Harley masks with confidence.

It is our mission to offer only authentic masks from trusted manufacturers. Please know that we remain steadfast in our pursuit of excellence and our commitment to do the right thing for our customers, particularly during these challenging times.

Respectfully,

The Bona Fide Masks Corp. Executive Team
